The trainer

Edouard Maire is the trainer of this workshop. He started his career in journalism in 2000 for magazines specializing in digital video. In 2006, he founded the audiovisual department of the site 01net.com for three years. Then he created his first video production company in France in 2009 while working with sites digitalversus.com for writing articles on digital video. In 2012, he moved to Hong Kong to create his new video production company HK MARKET LIMITED.
